

Resetting files

 **Fix Me!** A1 proofreading not yet effective for this page. In the meantime, you can ask any questions on the [forum](#).

It can be useful to completely reset certain files, especially for test purposes.

This screen allows you to delete and recreate files from scratch. This option is available to administrators only.

This program is for test purposes, and may cause logical inconsistencies in the database.

NEVER use this program on a production database, but ONLY on test databases.

Using the screen

Access: *Tools → Administration → Mass data processing → Other data → Reset files*

Simply select the file to be **Reset** and click on the **Validate** button.
