

Automatic Application Features (AAF)

 **Fix Me!** A1 proofreading not yet effective for this page. In the meantime, you can ask any questions on the [forum](#).

These are the functions present in all applications developed with Windev.

For example, how to show or hide a table column, create a keyboard shortcut, generate a graph, and all that sort of thing.

Follow the guide, which you can download [on this link](#).

The video below shows you these handy features.
